The signs are paraffin coated on heavy cardboard, beautifully lithographed in red, green and white colors. They are suitable for both inside and outside display. Please tell us at once how many of these signs you can use to advantage.

RED CLOVER: Market on Domestic seed is firm, lower on imported seed, demand is expected. Note prices below. Account late season, a late urgent demand is expected.

ALFALFA: Market continues strong, demand increasing. Prices are reasonable and farmer should be encouraged to use Certified stock of known origin.

LAWN GRASS SEED: Demand increases from year to year. Merchants should be careful not to lose their proportion of this profitable business. We supply filler for mowing as well as attractive poster signs.

SEED POTATOES: The market is very strong and some varieties are scarce. Suggest you place orders now while stocks are complete. Prices are not quoted below due to sharp fluctuations in the market. Quotations will be mailed on request.

Quotations above are for No. 1 European Red Clover seed selected over ration prices and to remove impurities peculiar to foreign grown seed. Imported Clover seed may be sold at much lower prices in original heavy burlap sacks. It has always been our policy, however, to oppose the distribution to the farmer of foreign grown Clover seed from original imported packages, account of the danger of carrying noxious weed seeds.
